How Roland Rolls is Jim Carrey's enchanting, entertaining and inspiring story about a wave named Roland who's afraid that, one day, when he hits the beach, his life will be over. But when he gets deep, he's struck by the notion that he's not just a wave — he's the whole big, wide ocean! The book shows humanity's interconnectedness through the metaphor of a wave in the ocean.

“I wrote **How Roland Rolls** specifically as a way for parents and grandparents to engage with children in quality together-time. Not only will the message of the story help them feel connected, worthwhile, and a part of something vast and grand ... the very act of adults spending time simply to be with them, and only with them, will pay off in an experience of fulfillment that's truly beyond compare. ~ Jim Carrey

The book is lavishly illustrated by Rob Nason, who won a Golden Reel award for his work as Art Director on the film Anastasia, as well as an Annie Awards nomination. His work on Thumbelina garnered the Hans Christian Andersen award. His cover for the inspiring grass-roots children's book, Saltwater Taffy, was nominated as Cover of the Year and was a finalist for the prestigious Benjamin Franklin award.
